JACK SATTA

SENIOR PRODUCT DESIGNER

Portland, OR · Remote jacksatta@gmail.com linkedin.com/in/jacksatta · deliberateux.com/work

Senior product designer, 17 years in, across enterprise and consumer products. Lifted HPE enrollment completion from 41% to 87%, cut Apple reseller managers' workload 82%, and built a 7-product design system with 78% component reuse. Agency years on Nike, Coca-Cola, and Riot Games. Designs and builds in React and TypeScript.

EXPERIENCE

DELIBERATEUX · Principal Designer — Apr 2026 – Present

- Design brand, sites, and design systems for clients with Catalyze Social, taking each from strategy through build.
- Design and ship production tools in React and TypeScript, including Theme Studio, a live theme editor that checks WCAG 2.1 AA contrast as colors change.

SALESFORCE · Senior Experience Design Consultant — 2014 – 2026

Design lead on enterprise product builds for Fortune 100 customers, from research through launch.

- Redesigned HPE's benefits-enrollment portal for 60,000 employees. Task completion rose from 41% to 87%.
- Designed Apple's reseller incentive program dashboard for 1,200+ resellers in 9 regions. Manager workload dropped 82%.
- Built a cross-cloud design system and component library spanning 7 products, with governance and handoff tooling. 78% component reuse; design-to-dev handoff time down 60%.
- Led end-to-end UX for Agentforce AI features, including human-in-the-loop handoff, conversational flows, and the agent-configuration UI.
- Designed Jack Henry's community-banking portal on Experience Cloud. 63% adoption in 90 days.
- Designed AT&T's buy-online, pick-up-in-store experience across 5,000+ stores. Completion rose 28%.

YESMAIL (DIGITAL AGENCY) · Art Director / Senior UX Designer — 2007 – 2014

- Art-directed email and digital campaigns for Nike, Coca-Cola, Riot Games, and Charles Schwab, from concept and typography through production.
- Led UX and visual design for high-traffic consumer products across retail, entertainment, fintech, and gaming, for clients including Charles Schwab, Visa, Intel, and eBay.
- Ran projects from discovery through QA across web, mobile, and kiosk, presenting directly to VP and C-level stakeholders.
